

Dear artist,

thank you very much for being interested in our concert series. The Winterconcerts have been running since Winter 2014/15:

<http://www.vosssylt.de/winterkonzerte/>

We use a beach bistro in Westerland/Sylt as a venue. You will be asked to play two shows in a row, one in the evening (7pm), one in the morning (11am):

<http://www.vosssylt.de/friends-promenade-westerland/>

Address: Friends Bistro, Kurpromenade, 25980 Westerland

The venue is small. Due to the size of the venue our concerts are focussed on the acoustic spectrum, usually performed by solo or duo artists. The performing artists are singer-songwriters whose musical influences reach from pop, folk, country, blues and rock. They have at least one CD release.

We expect you to play 2 x 35 min sets with a break of 10 minutes. It

should be mainly originals but it's always good to play a **couple of covers in each set**, too. It is very important (not for us, but for the audience) to have at least a few **upbeat songs** in your set. Please be prepared to play a few encores when requested.

We have no green rooms but we try our best to make you feel comfortable and welcome. Of course drinks and food are free for you. The venue is not an actual musical venue, but people come for the music. Audiences are around 70 and **rather noisy on Saturdaynight 7pm**, still enthusiastic about the music though. The audience at the matinee concert at **11am on Sundaymorning is quiet**.

Tech spec:

2 Säulen-PA: LD Systems Maui 28 G2

Mischpult: LD Systems VIBZ 12

Mikrofone: LD 3 dynamische Handmics mit hypercardioid Charakteristik und Stands
